Climate Change and Human Health Literature Portal

Markets, climate change, and food security in West Africa

Author(s): Brown ME, Hintermann B, Higgins N

Year: 2009

Journal: Environmental Science & Technology. 43 (21): 8016-8020

Abstract:

Food price fluctuations, which will be exacerbated by climate change, make West African food security even more tenuous.

Resource Description

Communication: M

resource focus on research or methods on how to communicate or frame issues on climate change; surveys of attitudes, knowledge, beliefs about climate change

A focus of content

Communication Audience: M

audience to whom the resource is directed

Public

Exposure: M

weather or climate related pathway by which climate change affects health

Unspecified Exposure

Geographic Feature: M

resource focuses on specific type of geography

None or Unspecified

Geographic Location: M

resource focuses on specific location

United States

Health Impact: M

specification of health effect or disease related to climate change exposure

General Health Impact

Climate Change and Human Health Literature Portal

Intervention: M

strategy to prepare for or reduce the impact of climate change on health

A focus of content

mitigation or adaptation strategy is a focus of resource

Mitigation

Other Projection Model/Methodology: Discussion only

Resource Type: **№**

format or standard characteristic of resource

Research Article

Timescale: M

time period studied

Time Scale Unspecified

Vulnerability/Impact Assessment: ₩

resource focus on process of identifying, quantifying, and prioritizing vulnerabilities in a system

A focus of content
